Summary

I'm an experienced JavaScript developer with over 8 years of hands-on experience, specializing in Angular. I've worked on a variety of projects, from open-source libraries to e-commerce and SaaS applications. I took on team lead and mentor roles in some projects, guiding teams to successful outcomes. I'm dedicated to staying current with the latest developments in IT and integrating them into my work. My focus is on delivering reliable and scalable solutions, using my deep understanding of Angular. I'm eager to bring my skills and passion to future projects.

Skills

- **Platforms and Programming Languages:** JavaScript, Typescript, Node.js, HTML, CSS;
